

Build a Bridge from School to Home: Host the RCB Course at Your School!

The Redirecting Children's Behavior™ Course (RCB) will introduce your parents and teachers to a shared language and approach to children's behavior. The results are peace and cooperation at home and in classrooms. RCB™ participants gain powerful skills — to communicate effectively, to handle aggression, to redirect fighting and power struggles — and you build a bridge from school to home.

The RCB™ Course is fun, comprehensive and experiential. Participants learn skills that they can use immediately.

It is easy for your school to host the fifteen-hour course at the group rate, and the benefits are many. Participants attend at highly affordable rates. Your school will stand apart as a resource for parent education. Ten to thirty participants take the course in five sessions at your location. Your instructor is a Certified Parent Educator, and RCB South Florida provides you with the flyers, information and assistance you need to fill the course.

Build community, cooperative classrooms and peaceful homes through Redirecting Children's Behavior™! Your parents, teachers and students will be glad you did!
