## Parents: 20 Steps to a Summer that Rocks!

### Book Guides Parents to Create Cooperative, Coordinated and Connected Summer While Having Fun

Think back to summer vacations filled with reading, beach trips, creating plays with friends or simply walks in the woods. Today's experience for children feels much different. Our lives are so heavily scheduled and stressful that parents may feel challenged to connect with their children. Children are challenged to connect with family, friends and nature in an unstructured way. With the shift from school to summer, parents may also notice an escalation in power struggles and fighting. Whole Hearted Parenting guides parents on how to create a cooperative, coordinated and connected summer AND have fun in the book 20 Steps to a Summer that Rocks! With this book, parents can learn to increase the joy during the hot summer months and have a summer that everyone in the family will long remember!

Maggie is a Director with the [International Network for Children and Families](#), training instructors of the Redirecting Children's Behavior Course. She is also Executive Director of [Best You Can Be Foundation](#), a charitable organization providing programs for children, parents and teachers to reach their highest potential.

*"Thanks so much Maggie. I feel I underpaid you ... It is such a nice book. Lots of reminders and great ideas to work with for my older kids. Really a lot more than just 20 tips."*
